

Subpart C—Permits and Approval of Cooperative Breeding Programs

§ 15.21 General application procedures.

(a) The Director may issue a permit authorizing the importation of exotic birds otherwise prohibited by § 15.11, in accordance with the issuance criteria of this subpart, for the following purposes only: Scientific research; zoological breeding or display programs; cooperative breeding programs designed to promote the conservation and maintenance of the species in the wild; or personally owned pets accompanying persons returning to the United States after being out of the country for more than 1 year.

(b) Additional requirements as indicated in parts 13, 14, 17, 21, and 23 of this subchapter must also be met.

(c) A person wishing to obtain a permit under this subpart or approval of cooperative breeding programs under this subpart submits an application to the Director, U.S. Fish and Wildlife Service (Attention: Office of Management Authority), 4401 N. Fairfax Drive, Room 700, Arlington, VA 22203. Each application must contain the general information and certification required in § 13.12(a) of this subchapter, and all of the information specified in the applicable section §§ 15.22 through 15.26.

[58 FR 60536, Nov. 16, 1993, as amended at 63 FR 52634, Oct. 1, 1998]

§ 15.22 Permits for scientific research.

(a) Application requirements for permits for scientific research. Each application shall provide the following information and such other information that the Director may require:

(1) A description of the exotic bird(s) to be imported, including:

(i) The common and scientific names of the species, number, age or age class, and, when known, sex; and

(ii) A statement as to whether, at the time of the application, the exotic bird is still in the wild, has already been removed from the wild, or was bred in captivity;

(2) If the exotic bird is in the wild or was taken from the wild, include:

(i) The country and region where the removal will occur or occurred;

(ii) A description of the status of the species in the region of removal; and

(iii) A copy of any foreign collecting permit or authorizing letter, if applicable;

(3) If the exotic bird was bred in captivity, include:

(i) Documents or other evidence that the bird was bred in captivity, including the name and address of the breeder, and when known, hatch date and identity of the parental birds; and

(ii) If the applicant is not the breeder, documentation showing the bird was acquired from a breeder and a history of multiple transactions, if applicable;

(4) A statement of the reasons the applicant is justified in obtaining a permit, and a complete description of the scientific research to be conducted on the exotic bird requested, including:

(i) Formal research protocol with timetable;

(ii) The relationship of such research to the conservation of the species in the wild;

(iii) A discussion of possible alternatives and efforts to obtain birds from other sources; and

(iv) Plans for disposition of the exotic birds and any progeny upon completion of the research project;

(5) Qualifications of the scientific personnel conducting the proposed research, including applicable experience and a description of relevant past research conducted;

(6) A description of the care and maintenance of the exotic bird, and how the facility meets professionally recognized standards, including:

(i) The name and address of the facility where the exotic bird will be maintained;

(ii) Dimensions of existing enclosures for the birds to be imported and number of birds to be housed in each; and

(iii) Husbandry practices.

(b) Issuance criteria. Upon receiving an application completed in accordance with paragraph (a) of this section, the Director will decide whether or not a permit should be issued. In making this decision, the Director shall consider, in addition to the general criteria in part
